

# Common Formative Assessments for Instructional Data Team Decision Making

## The Power of Assessments *for* Learning

February 7<sup>th</sup> & 8<sup>th</sup>, 2013

Participants of GRREC's Common Formative Assessment 2-day Training will understand how common formative assessments are the **centerpiece** of an integrated standards and assessment system. This particular training is not designed to be used as a train-the-trainer experience. Instead, classroom teachers, teacher leaders, curriculum coordinators and administrators will improve assessment literacy through deeper understanding of the assessment-design process and will create a first-draft common formative assessment. Participants will leave with enhanced skills and knowledge that will benefit collaborative work in schools and districts focusing on balanced assessment. Each participant will receive tools for evaluating and improving the quality of common assessments.

### Training Includes:

- Setting the Stage for Data Team Decision Making
- Introduction to Common Formative Assessments
- Laying the Standards Foundation
- Assessment Formats and Item Writing Guidelines
- Writing First-Draft Assessment Items
- Creating Scoring Guides
- Tools for Checking Item Quality
- Quality Effective Feedback Strategies

**GRREC's CFA Consultants  
Certified by The Leadership and  
Learning Center:**

Sandra Baker, Stacey Owen,  
and Sheila Thompson
